

# International Journal of Information and Education Technology

## CONTENTS

---

---

### Volume 1, Number 3, August 2011

Modeling As the Essential Step in the Construction of Biological Computer Structures.....	185
<i>Miha Moškon and Miha Mraz</i>	
Teaching Computer Architecture and Organization using Simulation and FPGAs.....	190
<i>Aws Yousif Fida El-Din and Hasan Krad</i>	
Quantitative Association Rule Mining on Weighted Transactional Data.....	195
<i>D. Sujatha and Naveen C. H.</i>	
A Study on Vehicle Number Plate Identification by Morphological Edge Detection and Template Matching.....	201
<i>Dipankar Bhattacharya and Anjan Bikash Maity</i>	
ECAT: A CCSS-Based Tool for Enterprise-level System Configuring Automation and Assessment.....	206
<i>Bin Wu and Andy Ju An Wang</i>	
Challenging Massive Information Retrieval in Persian.....	212
<i>Mohadese Danesh, Behrouz Minaei and Omid Kashefi</i>	
A New Approach for Test Anxiety Treatment, Academic Achievement and Met cognition.....	221
<i>Marzieh Gholami tooranposhti</i>	
The Research and Application of Network Teaching Platform Based on Cloud Computing.....	231
<i>Zhang Tao and Jiao Long</i>	
Special features of Interactive Whiteboard software for motivating students.....	235
<i>J. Sarsa and R. Soler</i>	
A Significant Connection of an Organization's Information Ecology for Knowledge Management and Developments.....	241
<i>Chammika Mallawaarachchi and Zhang Xiangxin</i>	
Delivering Effective Distance Education Through Engaging Students in Authentic Learning Activities A Learning Design and Longitudinal Research Results.....	247
<i>Iain Doherty</i>	
Application of Radio Frequency Identification (RFID) in Science Education.....	254
<i>Xiao Huang, Yau Yuen Yeung, Siu Cheung Kong, and Wei Gao</i>	
Creating a Knowledge Development Model for Blog-Based Learning.....	261
<i>Tien-Chi Huang</i>
