

International Journal of Information and Education Technology

CONTENTS

Volume 15, Number 12, 2025

- Teachers' Readiness for Change and Computer Self-Efficacy as Predictors of Assistive Technology Adoption in the Digitally Evolving Secondary Education.....2573
Maria Sytziouki, Maria Tsoni, Nikolaos Fachantidis, and Ioannis Moustakas
- Effects of Computational Participation-Based Programming Education on Communication and Collaboration Skills of Gifted Students.....2587
Seung-Mee Lee and Seok-Ju Chun
- Game-Based Learning in Programming Courses: A Platform Development for Enhanced Learning Engagement .2593
Noven Indra Prasetya and Nia Saurina
- Needs Analysis for Developing an Educational Hybrid Board Game for Python Programming2603
Mohamad Firdaus Che Abdul Rani, Nor Hafizah Adnan, Ahmad Zamri Mansor, Melor Md Yunus, Imane El Mourabit, and Tan Chin Ike
- Development of an Intellectual Model for Assessing the Level of Competence Formation of Students2613
Saule Kumargazhanova, Yevgeniy Fedkin, Saule Smailova, Yuriy Vais, Aizhan Tlebaldinova, and Aliya Urkumbayeva
- Research on Evaluation and Continuous Improvement of Curriculum Objectives Based on Causal Inference.....2625
Yifeng Zhang and Bin Duan
- The Perspectives of Undergraduate Students on the Effects of Generative AI on Academic Achievement.....2631
Yousef Qawqzeh and Hajar Mohammad
- The Effect of Problem-Based Learning Assisted by Video on Student's Scientific Literacy and Problem-Solving Ability in Eight-Grade of Junior High School.....2637
Mariati P. Simanjuntak, Grace A. Manurung, Halim Simatupang, and Aristo Hardinata
- The Degree of User of Digital Learning Technologies by Learning Disabilities Teachers in Teaching their Students in the Southern Region of the Kingdom of Saudi Arabia2653
Turki Mahdi Alqarni
- Developing the Skill Set of Generation Alpha through Toy Engagement: Building a Novel, Toy-Based Pedagogy (TBP).....2663
Ann Rose E. and Mary Rani Thomas
- Enhancing the Performance of Multiple Intelligence Learning Styles Prediction in e-Learning Systems Using Machine Learning Techniques.....2673
Gerzon J. Maulany, Paulus I. Santosa, and Indriana Hidayah

Policy Perspective on Proposed Framework of NLP AI to Bridge the Inclusive Support in Higher Education with a Mixed Methods Approach in Indonesia and Malaysia.....	2686
<i>Nanang Husin, Hujjatullah Fazhurrahman, Anita Safitri, Riska Dhenabayu, Ummu Ajirah Abdul Rauf, and Aldi Muhamad Fitrah</i>	
Pre-Service Teachers' Readiness to Use Artificial Intelligence: Evidence from Kazakhstan.....	2700
<i>Nurbek Mektepbergenov, Sabina Nazanova, Yerik Makhambetov, Laura Orynbayeva, Rakhym Bayaliyev, and Saniya Nurgaliyeva</i>	
From Classroom to Industry: Enhancing Student Competencies through STEAM-Based Project-Based Learning in Fabrication and Manufacturing Technology	2707
<i>Bulkia Rahim, Cici Andriani, Syaiful Islami, Jasman, Fiki Efendi, and Junil Adri</i>	
Leveraging Large Language Models for Arabic Short Answer Grading and Feedback Generation.....	2718
<i>Emad Nabil, Mostafa Mohamed Saeed, Rana Reda, Safiullah Faizullah, and Wael Hassan Gomaa</i>	
Strategic Framework for Inclusive and Sustainable Digital Transformation in University 5.0	2730
<i>Juan Carlos Morales-Arevalo, Edison Humberto Medina-La_Plata, and Luis F. Luque-Vega</i>	
Digital Learning Innovations: Creative Thinking as a Mediator and Leadership Ability as a Moderator in the General Ability—Academic Attitude Relationship	2741
<i>Nurhastuti, Ade H. Putra, Syari Yuliana, Mardhatillah Zulpiani, Jehan N. Oktaviani, Tasha D. Putri, and Afdal</i>	
AI Acceptance among Vietnamese University Students: Key Influencers and Perspectives.....	2755
<i>Nhon Dang, Tien-Dung Cao, Trung Vu Hieu Nguyen, Thanh-Long Nguyen, Thanh-Dien Nguyen, and Mai-Lam Nguyen</i>	
Teaching Neural Networks to Computer Science Students in Higher Education: Approaches and Challenges.....	2770
<i>Meruyert Serik, Nurzhanar Karilkhan, Jaroslav Kultan, and Dashzhan Narodkhan</i>	
Game-Q: Gamification to Inform Code Quality in an Assessment Submission System	2781
<i>Oscar Karnalim, Rossevine A. Nathasya, Sendy F. Sujadi, Wenny F. Senjaya, and Erico D. Handoyo</i>	
Evaluating the Effectiveness of the Learn-before-Lecture Approach on Biodiversity Education for Pre-University Students.....	2789
<i>Azlinah Matawali, Johannah Jamalul Kiram, Megawati Mohd Yunus, Huzaikha Awang, Sitty Nur Syafa Bakri, Fadzilaw Awang-Kanak, Nur Ramziahrazanah Jumat, and Siti Nazirah Butai</i>	
Harnessing Transformers for Enhancing Arabic Educational Assessment	2796
<i>Emad Nabil, Mostafa Mohamed Saeed, Rana Reda, Safiullah Faizullah, and Wael Hassan Gomaa</i>	
The Development of an Intelligent Academic Consulting Chatbot for Bachelor's Degree Students Based on Ontology in Higher Education Institutions in Thailand.....	2808
<i>Sudasawan Ngammongkolwong</i>	
The Use of Moodle in Problem-Based Learning with a Realistic Approach to Improve Mathematical Literacy	2818
<i>Wardono, Ana Zakia Syahdania, Scolastika Mariani, and Arif Rahman Hakim</i>	
Pre-Service Teachers' Sense of Efficacy, 3D Competencies (Skills, Character, and Meta Learning), and Teaching Performance.....	2829
<i>Jahfet N. Nabayra, Clarita R. Tambong, John R. Orbista, Ma. Lourdes I. Ilarde, Sharmaine L. Lava, Ariene R. Ibisate, and Jonah Eliza P. Tordecillas</i>
