

International Journal of Information and Education Technology

CONTENTS

Volume 15, Number 8, 2025

- A Debugging Method Support System Using Past Error Information in Programming Exercises with the Same Teaching Materials.....1539
Keiichi Takahashi
- Accessibility and Usability in the Development of Digital Educational Resources: The Case of MfM, a Platform for Teacher Training1547
Victoria I. Marín, Aleix Subarroca-Gómez, and Juan González-Martínez
- Integration of Digital Technology and Traditional Arts in Learning Media to Improve Listening Skills of BIPA Students.....1554
Anggoro Abiyyu Ristio Cahyo, Mulyono, and Suyatno
- Enhancing Handwriting Proficiency in Dysgraphic Students: Development and Validation of a Technology-Assisted Model.....1563
Norsafinar Rahim and Norizan Mat Diah
- Developing a Digital Illustration Curriculum Based on A/R/Tography: Integrating AI-Generated Art and Chinese-Spanish Heritage Patterns for Cross-Cultural Education.....1573
Xi Zhu, Bili Duan, Xiaojing Cao, and Yue Tan
- A Cost-Effective LabVIEW-Arduino Framework for Control System Computation and PID Simulation in Engineering Education.....1584
Rommel G. Gadia and Robert V. Marcos
- Effect Adaptive Inquiry-Based Learning Model and Group Discussion-Based Learning on the Environmental Knowledge and Sustainability Competencies.....1597
Rima Meilita Sari, Ridhwan Ridhwan, Faiz Urfan, Tengku Muhammad Sahudra, Tuti Mutia, Suri Purnama Febri, and Ravinesh Rohit Prasad
- Gamification's Effect on the Acquisition of Patriotic Behaviors in a Primary School Social Studies Course1607
Zhide Tangatarova, Kadir Nurgalym, Sabira Nishanbayeva, Dinara Sadirbekova, Nazgul Kozhamkulova, and Shyryn Akimbekova
- Embracing AI in EFL Classrooms: Between Fears and Needs1616
Hanan Taqi, Maha Alghasab, Rahima Akbar, and Reem AlRubaie
- Flipped-Classroom Demonstration Learning Platform via Metaverse to Enhance AI Competency.....1625
Sriwichai Netniyom, Pinanta Chatwattana, and Pallop Piriyasurawong
- The Influence of Gamification-Based Assessment on Student Learning Outcomes through a Mobile Web Application1639
Reni Rahmadani, Tansa Trisna Astono Putri, Muhammad Dominique Mendoza, Olnes Yosefa Hutajulu,

and Elsa Sabrina

Generative AI Technology and Creativity in Smart Digital Content Production among University Students.....	1648
<i>Ahmed Sadek Abdelmagid, Abdullah Yahya Al-Mohaya, Asem Mohammed Ibrahim, and Ahmed Ali Teleb</i>	
Saudi Secondary Teachers' Perceptions of Using Madrasati Platform: A Conceptual Framework and a Pilot Study	1659
<i>Sultan Saad Alawgdani, Siti Zuraidah Md Osman, and Nurul Ashikin Izhar</i>	
Picture Science Story Game App: What Effects on Early Childhood Science Process Skills?	1670
<i>Delfi Eliza, Intan Ayu Permana, and Muhammad Dhanil</i>	
Metaverse Learning Process Using MIAP to Enhance Immersive Experience	1680
<i>Sittisak Chomjan, Panita Wannapiroon, and Prachyanun Nilsook</i>	
Beyond Static Textbook Illustrations: Development of Augmented Reality-Based Materials (ARM) for Geometry	1687
<i>Roberto G. Sagge Jr.</i>	
Effectiveness of Web-Based Digital Library for Elementary School	1698
<i>Halomoan, Muhammad Hakiki, Rido Putra, Desty Endrawati Subroto, Khusnul Khotimah, Indra Bulan, Misra Nofrita, Rita Arianti, Kurniati Rahmadani, Resti Utami, and Abdunassir Yassin</i>	
Factors Influencing Learner Acceptance of Online Assessment at a Higher Education Institution.....	1709
<i>Bazilah Bahaldin, Nooreen Noordin, Abu Bakar Razali, and Lilliati Ismail</i>	
Leveraging Machine Learning to Forecast Candidate Selection Outcomes	1719
<i>Chaimae Ouhaddou, Asmaâ Retbi, and Samir Bennani</i>	
The Effectiveness of Electronic Use of Moodle-Assisted Modules in Student Numeracy Literacy Learning	1729
<i>Hema Widiawati, Sujarwo, and Bambang Saptono</i>	
The Use of Information Technology in Preparation for International Educational Research	1743
<i>Gulmira Nurbekova, Balaussa Orazbayeva, Akerke Dildabek, and Raushan Zhilmagambetova</i>	
Virtual Reality for Early Childhood Education: A Technology-Driven Approach to Learning Arabic Alphabets and Numbers.....	1752
<i>Mohammad Al Khaldy, Ameen Shaheen, Wael Alzyadat, and Aysh Alhroob</i>	
The Impact of Immersive Virtual Reality Flashcard on L2 Vocabulary Acquisition on Logographic Language	1760
<i>Sulaeman Santoso, Daniel Jahja Surjawan, and Erico Darmawan Handoyo</i>
