

International Journal of Information and Education Technology

CONTENTS

Volume 6, Number 12, December 2016

- On Comparative Analogy of Academic Performance Quality Regarding Noisy Learning Environment versus Non-properly Prepared Teachers Using Neural Networks' Modeling.....917
Hassan M. Mustafa and Ayoub Al-Hamadi
- The Educational Efficiency Evaluation Framework: By Using DEA Model and CA Method.....923
Yi Yuan and Mingfeng Shan
- Children Schooling Achievements in the Course of Early Education and Their Cognitive Development.....927
Natalia Józefacka Szram
- Undergraduates' Attitudes toward the Use of Facebook in Fundamental English Course.....934
Piyada Low and Rinda Warawudhi
- Religious Structure of Child Education Policy in Germany, Poland and UK.....940
K. Heland-Kurzak
- The Effects of Colored Brain Communication and Brain Processing Interpretation on the Academic Performance of Students: A Literature Review.....945
F. C. J. Chin, M. L. Ooi, and M. W. Yip
- Path Analysis of Work Passion Model of Thai Teachers in Municipal Schools.....949
Saitib Lautongmeesakun and Sageemas Na Wichian
- Motivations and Challenges in MOOCs with Eastern Insights.....954
Sheng-Hua Zhong, Qun-Bo Zhang, Zheng-Ping Li, and Yan Liu
- Self-adaptive e-Learning Website for Mathematics.....961
Akira Nakamura
- Using Mathematical Software in High School Math Class: A Case Study.....966
Hui Xu
- Game for Health Professional Education.....972
Michael Chen, Charles Chen, and Alice J. Lin
- Application Research of “Micro Lecture” Based on “Shadow Teaching”.....976
Minjun Cai, Doudou Li, and Xiaotao Li
- Development of Sample Code Stocks for AR Applications in Language Learning.....980
Hajime Mochizuki
- Study on Ecological Context and Eco-compensation Mechanism of Basic Education Informatization in Northwest Minority Areas.....985

Minjun Cai, Yali Hu, Xiaotao Li, and Haoyin Lv
