International Journal of Information and Education Technology

CONTENTS

Volume 7, Number 6, June 2017

A Study of Self-regulated Learning in an Online Gaming Environment for Engineering Education……406
Gayatri Mehta, Brett Kellerstedt, Jeanne Tunks, Kiran Sanagapaty, Alok Pal, and Rani Deepika Balavendran Joseph

Using m-Learning as an Effective Device in Teaching and Learning in Higher Education in Saudi Arabia….411
Salem Alkhalaf, Mohammed Amasha, and Amal Al-Jarallah

Participation Prediction and Opinion Formation in MOOC Discussion Forum.....417
Tieying Zhu, Wei Wang, Wei Zhao, and Riming Zhang

ICT Integration in Teaching and Learning in Secondary Schools in Tanzania: Readiness and Way Forward...424
Lucian V. Ngeze

Evaluation of Versatile English Learning System using Webpages as Learning Materials……....428
Yuki Oikawa, Kozo Mizutani, and Masayuki Arai

Scoring the Open Source Learning Management Systems.....432
Li-Jen Y. Shannon and Marilyn Rice

Robotics as an Educational Tool: Impact of Lego Mindstorms……..437
E. Afari and M. S. Khine

Towards a Paradigm of Using Big Data in Education to Develop MOOCs.....443
Qian Wang

The Affect of off-Campus Internships Program on Universities Student's Entrepreneurial Attitude and Capacity ……449
Su-Chang Chen, Hsi-Chi Hsiao, Jen-Chia Chang, and Chun-Mei Chou

The Information Security Specialty Reform for Undergraduate Education.....456
Lian Wang

An Course Reform on Modern Communication Technology for Communication Engineering Specialty in Application-Oriented Universities.....460
Min Wang, Qiaoyun Sun, Shuguang Zhang, and Yu Zhang

The Information Security Specialty Education Reform Aimed at Improving Engineering Practice Ability.....464
Lian Wang

Computer Assisted Collaborative Concept Mapping in Engineering Education……469
Uday N. Gaitonde, Bhalachandra L. Tembe, and Sachin K. Kamble

Research on Project-Driven Teaching Method of *Technology of Mechanical Manufacture* Based on Ability

Training.....474
Changhe Li, Yali Hou, and Jianjun Yang

Teaching Plane Pictures Design Base on Visual Thinking…….479
Xu Wenyi and Li Jian
